CAREER OBJECTIVE

Motivated MBA graduate with dual specialization in Marketing and Human Resources, backed by 2 years of experience in Graphic Design, UI/UX Development, and Web Development. Seeking a challenging role where I can leverage my creative, strategic, and managerial skills to drive organizational success and foster continuous personal and professional growth.

EDUCATION

MBA (HUMAN RESOURCE & MARKETING) (2023-2025)

IBMR BUSINESS SCHOOL

Achievements During MBA:

- India Sustainability Startathon 2024:**
 - Secured a place in the Top 50 teams across India.
 - Represented IBMR College and The Future Founders Co. on a National platform.
 - Qualified for an international opportunity aligned with the United Nations Sustainable Development Goals (SDGs).
- Head of Social Media Committee:**
 - Successfully managed the college's social media presence, creating engaging content and increasing overall reach.
 - Organized campaigns and ensured effective communication to promote events and initiatives.
 - Took responsibility for coordinating with various teams to maintain consistent branding and messaging.
- Head of Entrepreneurial Development Program (EDP) Committee:**
 - Led the planning and execution of entrepreneurship-related activities to foster innovation and creativity among students.
 - Managed event organization, ideation sessions, and networking opportunities with industry professionals.
 - Actively encouraged and guided students in developing their entrepreneurial ideas into actionable plans.

COVER LETTER

Respected [Hiring Manager]

I am writing to express my interest in potential opportunities within your esteemed organization during the Job Fair at IBMR College. As an MBA candidate specializing in Marketing and Human Resources, I bring a unique combination of creative, technical, and strategic skills that I'm eager to apply in a dynamic workplace.

In addition to my academic foundation, I have hands-on experience in graphic design, UI/UX design, and web development, which allows me to merge creativity with business insights. I've worked on brand identity projects, product-centric catalogs, social media creatives, and responsive web designs that enhance user experience. These skills not only complement my marketing knowledge but also empower me to build brands that are both visually compelling and strategically sound.

My internship with Royal Enfield (Klasik Motors) gave me real-world exposure to customer engagement, market analysis, and dealership operations. I was also a part of the Top 50 teams nationally in the India Sustainability Startathon, where I contributed to building innovative, sustainable business models.

Through my projects, I've learned the importance of storytelling, user-centric thinking, and strategic planning—whether it's through a marketing campaign, a recruitment drive, or a digital interface.

I'm looking forward to exploring roles in digital marketing, brand management, talent acquisition, or any area where I can add value by blending creativity, strategy, and people skills.

Thank you for considering my application. I would welcome the opportunity to discuss how I can contribute to your team.

Warm regards,
Muhammad Panali

▼ **Bachelor of Engineering** (ELECTRONICS AND COMMUNICATION)
(2018–2021)
